Richmond, VA 23219

Subject: Freedom of Information Act request

Dear Ms. Jones,

Pursuant to VA Code Sec. 2.2-3704-3706, I am requesting copies of the following records in the custody of the Virginia Department of Transportation.

In Spring 2013, Brekford Corporation photo radar cameras were placed in several locations on heavily traveled Northern Virginia roads by Insurance Institute for Highway Safety (IIHS) researchers for the purpose of gathering speed data of free-flowing traffic. This much has been acknowledged in a subsequent study published by IIHS.

I would like copies of any and all written correspondence, agreements or emails concerning the placement of these cameras, including but not limited to the purpose of the information gathered with the cameras, scope of the data to be gathered, and permissions granted or denied. The request includes all communications 1) between IIHS and VDOT; 2) between Brekford and VDOT; and 3) between VDOT employees concerning the Spring 2013 use of speed cameras by IIHS and Brekford.

Written copies of these records are acceptable but if those records are available in electronic form, then I prefer that format. Please send electronic copies to the email address provided in the letterhead above. If there is a cost associated with providing any of this material, please advise before the record gathering commences.

If any privilege is claimed under the law to deny any portion of this request, then I ask that all non-privileged portions of the requested records be provided along with an explanation for the withholding of any records.

I look forward to your response at the earliest possible time. Please feel free to contact me with any questions about this request. Thank you for your time and attention to this matter.

Sincerely,

Gary Biller
President
